Dear Friend:

In the name of justice and humanity, Mrs. Ingram and her two children deserve their freedom and must be freed. Mrs. Ingram is in jail because she defended her life, her honor, and her children from an enraged white farmer who attacked her with a rifle. This widow and mother of 12 children has been in a Georgia prison since November 4, 1947. Her case symbolizes the cruel treatment meted out to thousands of colored women in various sections of the country. It is time for the women of America to rally to her defense.

'What is more natural than for a group of women to form a committee to free the Ingram family'. (Mary Church Terrell.)

Will you join us in this national crusade to free the Ingram family by becoming a member of the national sponsoring committee. Let us arouse our community and the nation against this travesty of justice.

Let us hear from you at once.

Very sincerely yours,

Mary Church Terrell

Ada B. Jackson
