New York City

Dear Mr. Sandler:

We are eager to complete the organization of the Brooklyn Division of the American Jewish Congress. As you probably know, each of the borough sub-divisions (lodges, branches, posts, etc.) of the national affiliates of Congress are entitled to representation on the Brooklyn Division.

In order that we may assure full representation from your organization, may we have the list of your Brooklyn branches, chapters, lodges, posts, etc. so that we can write to them concerning the appointment of their delegates.

We are very anxious to have the national affiliates of Congress fully represented in our Brooklyn Division and with your cooperation -- which we know we can count on -- we will achieve this goal.

Thanking you, we remain,

Sincerely yours,

Henry Doliner
