Dear Mr. Seltzman:

On behalf of the American Federation for Polish Jews I wish to express my sincerest thanks and appreciation to you personally and through you to your great organization for the generous contribution of \$10,000 towards our campaign. The Jewish People's Fraternal Order under your brilliant and devoted leadership has again demonstrated its keen understanding and readiness to do everything possible for the alleviation of the tragic plight of our brothers in Poland.

It is needless to add that I personally and all connected with the organization which I represent appreciate very deeply the great efforts of your organization for the historic need of our people who have been the severest victims of Nazi brutality. May you continue to give of your great talent and generosity in the leadership of your organization for many many years.

and  
May I also express my hope and conviction that your organization will also participate generously in the clothing campaign for three million dollars which we have undertaken for the benefit of Polish Jews everywhere.

With kindest regards, I remain

Very sincerely yours,
