

RESOLUTIONS IN THE FORM OF LETTERS AND TELEGRAMS PATTERNED AFTER THE RESOLUTION BELOW, TO BE SENT TO GOVERNOR LEHMAN, YOUR LOCAL ASSEMBLYMAN AND STATE SENATOR

We _____ (so many) members of Lodge _____, urge that you condemn two Bills recently submitted into our State Legislature. The Dunnigan Bill which outlaws a minority party in this State whose views on peace are in contradiction to those who want to involve us in the imperialist war abroad and the second, the Coughlin Bill, would, under the pretense of providing protection from sabotage, force and violence, stifle the voices of all progressives who question the aims of the war makers. Both these Bills are in effect a call to force and violence against those who want to uphold democracy in this State and against those who advocate a policy of extended rights to the people. These Bills are exact duplicates of measures used by the fascists and we ask that you categorically reject them as a menace to our liberties.
