Mr. Joseph Brainin
RFD Niantic, Conn.

Dear Joe:

I received your letter of May 15th. We will discuss this matter with some of the people involved. I personally don't believe that he will come to us at this moment. I expect to see somebody that can answer this question, tomorrow, and if he is coming, you can rest assured that we will make a splendid affair.

I would very much like to see you when you are in town. Please give me a ring and I will do my utmost to see you immediately.

Best wishes,

Yours,
